## CREDIT RATING

**D**  
A-F(N)

**46**  
0-100

The definitions of our credit ratings are given as follows:

Rating	Score	Risk Level	Our Suggestion
<b>A</b>	90-100	Very low	Credit can be extended in rather loose terms
<b>B</b>	80-89	Lower than average	Credit can be extended in normal terms
<b>C</b>	60-79	Average	Credit should be on a closely monitored basis
<b>D</b>	20-59	Higher than average	Credit should be avoided as much as possible
<b>F</b>	<20	Very high	Transaction should be on COD basis
<b>N</b>		Undetermined	More information is needed in order to propose a credit rating

In assessing the credit rating of a company, we take into comprehensive consideration of 5 dimensions including subject's financial strength, company character, management competence, operation capacity and external background.

Dimension	Description
Financial Strength	Including the solvency, profitability, operation capacity, development capacity etc.; comparison between Subject and the industry average financial index. Weight 10%-30% in the comprehensive analysis.
Company Character	Referring to Subject's character that can be affected by the transaction records, judicial records, administrative supervision information, tax records, operation status, etc. Weight 20%-25% in the comprehensive analysis.
Management Competence	Including Subject's shareholder background and strength, related company background and strength, management experience etc. Weight 20%-25% in the comprehensive analysis.

External Background	Analysis of the external factors that may have an effect on Subject, including the industry background, location background, competitors, etc. Weight 10%-15% in the comprehensive analysis.

## CREDIT LIMIT

### Below USD 14,000

When calculating base credit limit, we presuppose that Subject purchases main commodities/services equally from many suppliers. Main factors considered include Net Assets, Total Assets, Revenue, Profit, Credit Rating etc. No consideration is given to the specific situation of your transaction with Subject. You may refer to the following suggestions when making credit decisions, but it is advisable that proper adjustments should be made in accordance with your marketing strategies and credit policies.

Annual Supply / Subject's Turnover	Suggested Credit Limit
Above 40%	Above 4 times the base credit limit
30%~40%	3 to 4 times the base credit limit
20%~30%	2 to 3 times the base credit limit
10%~20%	1 to 2 times the base credit limit
Below 10%	within the base credit limit

## GENERAL COMMENTS

### RISK ANALYSIS

Subject was established in December 2016 as a Limited Liabilities Company. It is mainly engaged in sales of metal products. With a relatively short history, the current business scale is small, and its popularity and influence in the industry need to be further improved.

Subject's current income statements show that: Subject's operating income of 2019 decreased slightly from 2018 by 2.70%, indicating its business expansion condition in 2019 was relatively poor.

Subject's current balance sheets show that: Subject's turnover of total assets of 2019 was relatively low, indicating the assets operation capacity was relatively weak. Subject's liabilities to assets ratio in 2019 was relatively high, indicating its long-term solvency was relatively weak, and the long-term debt paying pressure was relatively high.

The credit rating and credit limit is provided based on analysis of Subject's size and background, etc.
